DETAILED ACTION

The following action is in response to the amendment filed for application 10/762,875 on September 6, 2005.

Allowable Subject Matter

Claims 2-8 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record fails to show or render obvious the radial type piston motor as claimed, and particularly including a carrier in said final stage planetary gear train being fixed to the final shaft, and including the remaining structure of claim 2. The present invention also particularly includes the inner circumference of the hollow of the final shaft comprising at least one internal gear of the corresponding gear train placed in the final shaft, and including the remaining structure of claim 5. The present invention also particularly includes an inner circumference of a traveling drive sprocket comprising an internal gear of the final stage planetary gear ring, and the sprocket being rotatably supported at the final shaft, and including the remaining structure of claim 7.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Roger L. Pang whose telephone number is 571-272-7096. The examiner can normally be reached on 5:30am to 4:00pm.
